The Mt. Vernon Fountain and Journal charges one half cent per line for obituary notices. The editor says that he is glad to publish personal mention of all deaths as news but claims that an obituary is not news. If that price includes the ordinary obituary poetry, the price is too low. Ten cents a line for obituary poetry and cards of thanks is not too much.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is caused by blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet, that which he calls Dr. Shoop's Headache Tablets. These cause blood pressure away from pain centers. Is not of a charming, pleasantly delightful, gently thorough remedy, it surely equalizes the blood circulation.

If you have headache, it's blood pressure. If it's a neuralgic headache, it's blood pressure. If you are restless, restless, restless, it's blood pressure—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

PLANT WILD BROTHERS TREES

Nothing will improve your property and surroundings and add to their value and your pleasure at so small a cost as

Shade Trees, Evergreens and Shrubs

Shade trees should form the foundation, with irregular groups or masses of shrubs against buildings, fences or property lines, or as borders along walks or drives. The Evergreens add variety and beauty both winter and summer.

FRUIT TREES should form a part of the planting. Plant early during favorable weather and they will be better established when spring growth begins. Almost every home has plenty of room to grow their own GRAPE, RASPBERRY, STRAWBERRY, and other small fruits. Currants, Gooseberries, Asparagus, etc. Do not delay until the busy season causes it to be put off another year.

WE EMPLOY NO AGENTS. Send for our descriptive catalog and buy direct from the nursery.
